

# Compatibility with Other Products

- This issue only applies if the SOA Gateway is run from an authorized dataset on z/OS, and will be using the Adabas driver. Please contact the Adabas support group for an optional zap to prevent a SOC4 in ADALNKR, for Adabas 7.4.3 this is fix number AY743119.
- When using the SOA Gateway Natural driver, the required minimum levels are
  - Natural 6.3.3 on OpenSystems (Windows / Linux / Unix)
  - Natural 4.2 on z/OS and z/VSE
